

2017 Best Workplace Award

American Pipe CEO John Howe and Executive Vice President Harry Hays attended the 2018 AD Plumbing & PVF Spring Network meeting held in Palm Springs March 13th through March 15th. During the meeting, American Pipe & Supply was recognized with the 2017 Best Workplace Award. American Pipe & Supply was one of just three companies to win the award in a total population of more than 200. In order to be eligible to win such an award, a company must be two criteria:

1. Must have an engagement score greater than 85 on a scale of 1 to 100 as tracked by an outside agency
2. Must be recognized by a local agency as a best place to work

"I am proud of this recognition and proud to work alongside such a great group of people." – John Howe, CEO
